

Property information

(Property number: 104958 / Reference number: Ref#: 2-C 9052)

Price: \$ 99,000 (The dollar price is obligatory)

Price: EUR 68,000.00

Location:

Cabarete

Puerto Plata

Dominican Republic

A very interesting property to let you do what ever you creativity tells you to do. It is situated in a nice area 3 km east of Cabarete, just a few steps from the ocean. In the front part of the property there is 45 m2 bar that you could use as a business or also as an open air kitchen. The second building provides a studio with bathroom and is connected to the main part of the house, where you find a spacious living room with large windows and a second bathroom. The high quality construction is well-built by a German architect. In the backyard you can easily build a large swimming pool surrounded by fruit trees and tropical nature. This house needs some updating and minor renovations, but it is a great investment for a very low price.
